J. FRANK HILLYARD

Principal's Message:

One's educational progress cannot be judged by testing his intellectual development alone. If we want to know whether one is truly educated we should inquire first about his character and second about his manners. Evidence of intellectual performance should come third. Too little stress has been placed upon desirability of sound character and pleasing manners. Industry and intellect are important enough, but it is not enough that an engine be powerful and well fueled. If it is driven in the wrong way it may become an instrument of destruction.

The most common cause for discharging employees is deficiency in character traits, rather than a lack of specific skills in academic subjects. Some of the most common deficient character traits are: non-cooperation, carelessness, laziness, lack of ambition, dishonesty, lack of courtesy. There will always be a place for young people of quality and high school offers the finest opportunity to develop desirable attitudes.

## 1948 Class History

How would you like to take a little trip with me down Memory Lane? All right? Well, then, let's get started.

Do you remember that brisk morning in September of 1937 when twenty-six excited pupils entered the first grade to begin their eleven-year trek through B. H. S.? Of this original group, only four now are members of the Senior body of '48.

Since that morning in September, many have joined us, and many have departed from our presence. As we progressed through the elementary grades, we welcomed many pupils from numerous smaller schools.

Then around the bend in the lane comes the day we entered the portals of B. H. S. as Freshmen. After we had our enrollment blanks filled out and our schedules in order, we had a hard time finding the right class at the right time. But soon we got on the right tracks and settled down to enjoy our stay in high school.

The members of our class who were promoted from the seventh grade here at B. H. S. to enter high school in September of 1944 were: Bonnie Albrite, Annie Barb, Virginia Ann Fawley, Dorothy Hawkins, Ethel Higgs, Nadine Holsinger, Joan Lohr, Ann Whetzel, Claude Bodkins, Buddy Brown, Richard Eaton, Norman Messick, Johnnie Phillips, and Wilton Thomas. Our home room teachers that year were Mrs. Dellinger and Miss Arbogast.

When we became Sophomores, we began to feel more at home in our new surroundings. Mrs. Fahrney was our home room teacher that year.

When our Junior year arrived, we no longer looked at the Seniors in awe. We began to realize that we ourselves were almost Seniors. It was in our Junior year that we got our first taste of high school dramatics. That year the play "Good Night, Ladies" was presented under the direction of Miss Lester, our Junior home room teacher.

The Junior Class of '47 gave the Senior Class of that year a banquet on May 29. This was the second year for the banquet, which has become an annual affair.

Each year our class sold magazine subscriptions and was successful in contributing to numerous other drives. We were active in the various sports, the band, the Glee Club, the F. H. A. and F. F. A. Clubs.

In August of 1947 about thirty Juniors and Seniors traveled to Williamsburg to see Paul Green's historical drama, "The Common Glory." This trip was one of the highlights of our school life.

And now we arrive at the final bend in the lane—our Senior year with 53 class members. Mr. Phillips was our home room teacher. The Seniors presented the production, "Take It Easy," with Miss May as director.

In our final year at B. H. S. we elected Norman Messick as President; Gerald Roller, vice president; June Baker, secretary; and Dorothy Hawkins, treasurer. The class selected "Not evening, but dawn" as our motto, Red and White as our class colors, and the Red Rose as our class flower.

How we did look forward to that wonderful day in June when we would receive our diplomas! But most of us were just as sorry as we were glad to leave our happy high school days behind us and launch upon the sea of life.

DOROTHY HAWKINS

It was voted at the meeting that the fireman should receive a medal for life saving.

## Senior Prophecy

Through the years since 1948, appearing in various newspapers, newsreels, and television throughout the nation, were accounts of accomplishments of fifty-three noted persons.

These persons give most of the credit for their success to the school from which they graduated—Broadway High School located in the city of Broadway, Virginia.

A common collection of these events follows:

Lena Albrite has been pursuing her studies in social science at the University of Chicago. After finishing her work here, she will become head of the social science department at Broadway High School in the fall.

Everette Brunk has recently been employed as head typist for the "Broadway Daily." This paper is being run by two popular citizens of Plains District, Norman Messick and Gerald Roller.

Donna Roadcap is now employed as Tyrone Power's private secretary in Hollywood, California. From recent reports we're not so sure which one should be the private secretary. Donna's fan mail is increasing too, you know.

The head bus driver, Mr. Roy Billhimer, of the Broadway Hound Lines, and his assistant back seat driver, Mr. Alvin Roadcap, announced last night at their regular meeting that they had recently purchased a new bus. This bus will take the route between Cedar Run and Genoa.

Mrs. Brown Cullers, formerly Miss Iva Moyer, has gone to New Jersey to be with her husband. He has been serving as the Army's No. 1 yardbird for the past five years.

Buddy Brown has been selected as coach of the "Kentucky Wildcats." Buddy, who has been an outstanding guard on the Wildcat team for the past nine years, says he owes all of his success to his past coach, Mr. Clarence Phillips.

Miss Jean Yankey has chosen the way of the good Samaritan. She is using her talents directing the Kindergarten at Genoa, Virginia.

Next week in Washington, D. C., at the National Art Gallery, another one of Claude Bodkin's famous paintings will be put on display. It is entitled "School Life" and was taken from one of his library periods.

Critics at the Metropolitan Opera Company in New York voted Virginia Ann Fawley as the most talented soprano of the year. Miss Fawley has won many awards during the year and her popularity is gaining rapidly.

New York's famous surgeon, Dr. Jimmy Driver, announced last night that he has a serious accident case on his hands at present. This accident happened last Saturday on a near-by farm where Wayne Turner, the owner, was kicked by a mule.

Mrs. Guy Stultz is now keeping house in her new home on East Bush Street, Cridders, Virginia. She is the former Miss Eileen Dove.

Mr. Guy Shoemaker, one of Harrisonburg's most outstanding business men, told reporters last week of the opening of a new automobile sales service. The owner's motto is, "We sell them and you get beat." Mr. Billy Bare will be his head mechanic.

Ethel Higgs and Hazel Zigler are running a bachelors' club in Broadway, Virginia. The only rule for eligibility is—you must be a man.

Richard Eaton, the patrolman on North and Main Streets, arrested one of his former classmates last evening. The charge against his former classmate, Wesley Buhl, was the use of untrue language. He called the patrolman a "Flatfoot."

Miss Nancy Dovel, a traveling saleslady for Hawkins Hardware Company in Harrisonburg, has just returned from a business trip to the South Sea Islands. She really believes in extending her business.

Ten women passed out and one died from a heart attack last Tuesday night when the famous Berlin Wittig sang to the "Old Maids Committee" of Bergton, Virginia. A near-by farmer, Mr. Kenneth Thomas, administered first-aid to those in need.

At the University of Virginia, Faye Sowers has been initiated as new cheer leader of the Cavalier Football Team. She is attending the University getting a degree in law, which she thinks she will be needing in solving her domestic problems.

## *Physical Education*

### Boys'

In our Physical Education Classes for the boys we aim to give a playing knowledge of the more popular competitive sports. During the first week of school we got our organization of squads completed, and were ready for play. We began in the fall by doing some work in track and playing soft-ball to get the boys in better condition for the more strenuous game of touch-football. During the winter months we shifted to the inside for play in basketball and volleyball. On alternate days when we were not using the gymnasium we studied such problems as related to Health Education and the rules of some games. This year we emphasized the skills and studied the rules of volleyball. This spring our attention was turned again to softball and track.

### Girls'

Our Physical Education Classes this year were divided into squads of approximately ten girls each. This way group competition was initiated in playing the games. During the fall we played softball and dodgeball, and in the winter basketball and volleyball were alternated with Health Education. Again in the spring we played softball and participated in track. Each squad of girls had its own captain who scored her group with a fixed number of points on the following: perfect attendance, 100% dressing, 100% participation, winning the game, and sportsmanship. At the end of a certain period the total scores of each squad were taken with Squad E having the most points in the sixth period section and Squad D having the most in the fifth period section.

The following girls are recognized as composing the winning squads of the year:
